Ong Da, Ha Noi

OBJECTIVE

A technology-driven NodeJS Software Developer with 1 years of progressive experience working in a SAAS environment, seeking a challenging role as a NodeJS Software Developer. With a proven track record in building solutions for complex problems, I am dedicated to leveraging my expertise, skills, and experience to contribute to the success of the organization. My objective is to further excel in NodeJS development and advance my career in a dynamic and innovative environment where I can continue to grow and make significant contributions.
